**NATIONAL  
IAS ACADEMY**

National IAS Academy was founded as a specialized centre with a view to establish a bench-mark institution to achieve excellence in the toughest competitive exam in the country, i.e. Indian Administrative Service Exam which has now come to be known as Civil Services Exam. Our Team's affiliation to the field of IAS examination for many years, both as the aspirants and as teachers has made us to understand the nuances of all the three levels of IAS Examination viz., Preliminary, Mains and Interview. This institute has evolved into a unique fraternity of educators and students striving together, in pursuit of a single goal. With a passion to excel, the Academy has raged with the dynamism of a river which constantly renews itself and yet remains unchanging in its resolve to reach its ultimate destination.

The faculty team of the institute is composed of experienced educators, competent administrators. In fact, the essence of the functioning of the Study Circle is the fraternal atmosphere it provides, in which the students are groomed by a committed, imaginative and gifted core faculty team. Here, every student experiences creative excitement along with the thrill of adding to his store of knowledge. We treat each aspirant as a personality and not just a student. We approach our task like that of growing flowers; with all the will and skill required for performing such a delicate task. The aim is to set the students free from the rigidities of highly ritualized, blank and indifferent teaching that they have so far experienced in universities; where there is a lot of teaching but very little learning. This is the gap that this institute strives to remove by promoting REAL LEARNING, i.e. learning about learning as the first step: with the ultimate aim of making the personalities bloom like flowers and carry the aroma of freshness of their ideas and creativity wherever they go.

Our effort is not only to provide the students with a road-map to effective learning but also to reassure them of our motivating company during their journey on the road to success. In nutshell, most of the students feel that The National IAS Academy's experience is not only innovative but also unique.

Great dreams of great dreamers  
are always transcended

[www.apj-abdulkalam-quotes.blogspot.in](http://www.apj-abdulkalam-quotes.blogspot.in)

The Civil Service Examination differs from the university type examinations very fundamentally. Consequently, the technique of preparation has to differ to suit the specific needs of this examination. While work for most university examinations can be done at a leisured pace, a candidate for the Civil Services Examination does not have much time at his/her disposal and the amount of tasks to be disposed of within this short span of time is truly enormous. It will be extremely unrealistic to think that one can prepare for this examination within a short time entirely on one's own. Understanding the enormity of this challenge, National IAS Academy came out of a fundamental idea that the process of learning teaching should be based on close and dedicated interaction between teachers and students, aided by highly enriched study material. We at National IAS Academy highly believe that for a highly competitive examination like civil service, how you present your ideas in examination matter the most. Thus, along with learning we emphasize on development of writing skill and critical assessment skills. We evaluate students in their totality and constantly supervise their progress in crucial areas of learning, understanding and effective presentation of knowledge in exam condition.

**Vision:**

To nurture young minds, provide continuous guidance and support through technology, team-work and innovation and to assist aspirants associated with us to accomplish their dream and participate in the progress and development of the Nation.

**Mission:**

The Institute is founded to deliver National Standard in Civil Services Training. In pursuit of this objective, the Institution takes care that the commencement of the course, faculty, study material and Pattern of Teaching and Assessment is, to the maximum extent possible, faultless. The Frequent Examinations, Personal Attention, Continuous Monitoring by the Faculty and Standard Study Material are hallmarks of the Institution. The endeavour of the Institution is to ensure that the time of the student is made most productive by separating wheat from chaff as far as the preparation for the Civil Services Examination is concerned.

## **PLAN OF EXAMINATION:**

**The Civil services examination comprises three successive stages:**

### **A. Civil Services (Preliminary) Examinations (Objective Type) for the selection of candidates for Main Examination**

Paper- I	General Studies	2 Hrs	200 Marks
Paper- II	Aptitude	2 Hrs	200 Marks

### **B. Civil Services (Main) Examination (Written) for the selection of candidates for Personality test**

Paper-1	Regional Language	3 Hrs	300 Marks -	Qualifying Only
Paper-2	English	3 Hrs	300 Marks -	Qualifying Only
Paper-3	Essay	3 Hrs	250 Marks	
Paper-4	G.S-1	3 Hrs	250 Marks	
Paper-5	G.S-2	3 Hrs	250 Marks	
Paper-6	G.S-3	3 Hrs	250 Marks	
Paper-7	G.S-4	3 Hrs	250 Marks	
Paper-8	Optional (Paper 1)	3 Hrs	250 Marks	
Paper-9	Optional (Paper 2)	3 Hrs	250 Marks	

### **C. Personality Test (interview)**

275 Marks

The Preliminary Examination will consist of two papers of Objective type (multiple choice questions) and carry a maximum of 400 marks. UPSC will draw a list of candidates to be qualified for Civil Service (Main) Examination based on the criterion of minimum qualifying marks of 33% in Paper-II of Civil Services (Preliminary) Examination and total qualifying marks of General Studies Paper-I of Civil Services (Preliminary) Examination as may be determined by the Commission. Preliminary examination

is meant to serve as a screening test only; the marks obtained in the Preliminary Examination by the candidates who are declared qualified for admission to the Main Examination will not be counted for determining their final order of merit. The number of candidates to be admitted to the Main Examination will be about twelve to thirteen times the total approximate number of vacancies to be filled in the year in the various Services and Posts. Only those candidates who are declared by the Commission to have qualified in the Preliminary Examination in the year will be eligible for admission to the Main Examination of that year provided they are otherwise eligible for admission to the Main Examination.

Candidates who obtain such minimum qualifying marks in the written part of the Main Examination as may be fixed by the Commission at their discretion, shall be summoned by them for interview for a Personality Test. Marks obtained in the papers will be counted for ranking. The number of candidates to be summoned for interview will be about twice the number of vacancies to be filled. Marks thus obtained by the candidates in the Main Examination (written part as well as interview) would determine their final ranking. Candidates will be allotted to the various Services keeping in view their ranks in the examination and the preferences expressed by them for the various Services and Posts.

## **FAQ:**

### **• What is the pattern of the Civil Services Examination?**

Civil Services Examination is a 3-stage examination held every year.

Stage 1 – Preliminary Test

Stage 2 – Main Exam

Stage 3 – Personality Test / Interview

### **• What is the Preliminary Test?**

Stage 1 – Preliminary Test – consists of objective questions with penalty (negative marking of 0.33%) for wrong answers.

Paper 1 – General Studies (200 marks) 2 hours

Paper 2 – CSAT (Civil Services Aptitude Test) (200 marks) 2 hours

There is a cut-off in the Preliminary Test which varies every year and is decided by the UPSC.

### **• What is the Main Examination?**

The Main Exam (Subjective papers of 1750 marks) consists of 7 papers which are usually held from early October for around 21 days. The current pattern of Main examination is as follows:-

#### **1) General Studies**

Paper I:- 250 marks (3 hours)

Paper II:- 250 marks (3 hours)

Paper III 250 marks (3 hours)

## REPORT

### 1. Analysis of Air quality and biodiversity

In total, based on our data collected, there are 700 plants in the college campus. In this, 340 plants are trees, 205 are plants of average length and 155 are small plants. There are 375 plants in the college garden. So, 700 plants in our college contribute to the Oxygen supply that we utilize. Being situated in the semi urban area, our college is exposed to various atmospheric pollutants from

vehicles as well as by other external means. Based on our calculation, the different sources of carbon dioxide emitted to our college are:

- 1.Vehicles
- 2.Refrigerator
- 3.Air conditioners
- 4.Burning
- 5.Water coolers

### **1.Vehicles**

On the days of data collection, there were 10 cars, 34 bikes and 55 scooters in our campus, which in turn proves us that these vehicles may contribute to high carbon dioxide emission. There are 8 refrigerators, 5 air conditioners in our campus. The students, teaching and nonteaching staff and the visitors also contribute to carbon dioxide emission. The recyclable waste, where all the food papers are collected from the classes, office and Plastic wastes and papers to recycle are collected by Kallianpur Panchayat for recycling.

Also, the convent has a biogas plant.

### **2. Analysis of Water quality and usage**

The college campus possesses many water outlets. Our students have counted the total number of taps, rain water harvesting plants, coolers and well. We have found that in total, there are 130 taps, 7 coolers, rain water harvesting plants worth 10,000 litres and a well.

### **3. Analysis of Energy consumption and costs**

The college is well equipped with electricity supply. Each department possess computers, printers, fans, plug points, tube lights, bulbs, etc. In addition to these equipment, our college also has

1. 13 exhaust fan
2. 4 table fan
3. 7 filters
4. 3 telephones
5. 5 mike
6. 4 bell

### **4. Analysis of Waste generation and disposal**

Wastes cannot be avoided in any environment. Wastes can be classified as Biodegradable and Non-biodegradable wastes. Biodegradable wastes include food wastes; which can be easily decomposed by the bacteria in soil. But non-biodegradable wastes are those which cannot be degraded by any organism and remain as such for many years. Much amount of waste is generated from the college campus.

1. CANTEEN – The food waste generated from the canteen is collected and given to the waste collectors. Plastic waste is generally less generated from the canteen. Some organic waste is used in biogas plant.
2. LIBRARY - The most generated waste is paper waste. It is taken for recycling.
3. STORE- Not much waste is generated. But the paper waste and plastic covers are scrap collectors.
4. OFFICE- Paper waste generated is sold to the recycling unit and reused.
5. GARDEN-Plastic and paper waste is comparatively less.
6. AUDITORIUM -The wastes are collected after each programme and are disposed of properly
7. BATHROOM-The wastes is collected and directed to STP and recycled
8. CLASSROOMS-Paper Wastes are collected in the waste basket and recycled.
- 8 LABORATORY-The broken glass wastes and the useless instruments are disposed for recycling after thorough washing.
10. COLLEGE PREMISES-Plastic waste generated is usually less. But paper waste is generated in a larger amount.

#### **OBSERVATIONS**

1. On analysing the air quality, we could assess that there are many pollutants in our environment (Either in micro quantities or macro quantities), from the vehicles of the road. The burning of wastes, especially plastic waste, also causes emission of poisonous gases into the atmosphere.

But, there are many plants in our campus that purify the polluted air and supply enough oxygen for us.

2. Likewise, there are sufficient water outlets for the students and water coolers for the departments. But it is essential to check whether all these are working or not and whether the taps are leaking or not.
3. Energy consumption is yet another component that is to be taken care of. A few numbers of fans and tube lights are not working.

#### **SUGGESTIONS and Recommendations – On going maintenance process**

##### **a. Air Quality**

More plants need to be planted every year to provide more shade and more oxygen. Also the microclimatic change with reduced temperature in the campus.

##### **b. Water Quality**

Regular check for water quality and taps needed to be repaired if leaky. The water coolers which are not working need to be repaired as and when.

##### **c. Energy Consumption**

Always trying to reduce Energy consumption. Unnecessary lights and fans could be switched off. During daylight, lights can be switched off. Energy conserving methods like usage of LED bulbs will be done.

#### d. Waste Management

Separate baskets should be there for biodegradable and non-biodegradable wastes.

Vermicomposting plant and biogas plant should be actively working.

Agencies or individuals are made available to transport wastes from the college premises.

#### CONCLUSION

The faculty and students have successfully completed the analysis of various environmental components. We hope that the suggestions put forward by us would be considered by the college and implemented as soon as possible.

**POLICY DOCUMENT ON GREEN CAMPUS INITIATIVES**

Ever since the beginning, Milagres College Kallianpur has been given significant provision to keep the campus green and nature friendly. Being located at the rural locality, the institution flourishes the ecological diversities, by maximising the eco-friendly practices.

**1. Restricted entry of vehicles**

- It is mandatory to submit the emission test certificates of all the vehicles of staff and students entering the campus.
- Adhering to the vehicle scrappage policy
- Four wheelers are strictly prohibited to the students.
- The college promotes use of bicycles both for students and staff

**2. Pedestrian-friendly pathways**

- Pedestrian friendly pathways are provided in the college premises.
- The pathways are manifested with proper signs, symbols and streetlight.

**3. Ban on use of Plastic / Reducing the use of plastics**

- The college proliferates restricted use of plastics and promotes use of recycled products.
- The institution follows strict mechanism to segregate the waste generated by plastics.
- The posters and stickers promoting the ban of plastics are displayed at corridors, canteens, cooperative society, classrooms and rest room.

**4. Landscaping with trees and plants**

- Adhering to the principle of afforestation, the students are assisted to plant and maintain flora
- Plants of medicinal value, fruit and vegetable bearing plants, and other trees are abundantly planted inside and outside the campus.

### **POLICY DOCUMENT ON ENVIRONMENT AND ENERGY USAGE**

Ever since the beginning, Milagres College Kallianpur has been given significant provision to keep the campus green and nature friendly..

It is the prime motto of Milagres college Kallianpur to protect our environment and biodiversity with equal importance to sustainable energy usage. The policy has been designed to emphasis on adaptation to renewable energy sources as a mean both to protect environment and as a measure to control energy crisis.

The policy drafted is in concern with the activities undertaken in the institutions and all responsible stakeholders. Aligning on the fundamental duty to conserve nature and natural resources, the outlined policies help in realising it.

#### **Policies:**

1. To apprise the environmental impact of adapted energy usage mechanism through means of technology
2. To estimate the vehicular emission (CO<sub>2</sub>) responsible by all the students and staff.
3. To install LED bulbs, solar energy resources, rooftop solar panels to minimise the energy consumption
4. To imbibe towards rain water harvesting, as waste water segregation method.
5. To maintain the campus clean, green, plastic free, pollution free is the responsibility of every individual
6. NCC, NSS and other students are encouraged in plantation drive, Vana Mahotsav.
7. The national environment, earth, water days are observed in the institution to encourage students.
8. Special emphasis on gardening, plantation
9. Agreement with the government, energy agencies, municipal bodies, panchayaths in the areas of environment protection and energy usage.
10. To provide opportunities for staff and students to take part in initiatives those contribute to environmental protection and optimum energy utilisation

Concern for environment and energy sustainability has been included in various academic and extra-curricular activities for the students. The policies are communicated to various stakeholders through notices, meetings etc. The reviewal of status of the institution in this regard is monitored at various stages.

Being located at the rural locality, the institution flourishes the ecological diversities, by maximising the eco-friendly practices.
