## Student-Centric Methods for Enhanced Learning Experiences

Student-centric methods such as experiential learning, participative learning, and problem-solving methodologies place students at the core of the learning process, promoting active engagement and practical understanding.

**Experiential Learning** allows students to learn through hands-on activities, reflection, and real-world exposure. Activities like field visits, internships, and projects immerse students in practical scenarios, enabling them to apply theoretical knowledge effectively.

**Participative Learning** fosters collaboration and teamwork through group discussions, workshops, peer teaching, and collaborative projects. It encourages students to actively engage, share ideas, and develop communication and critical thinking skills.

**Problem-Solving Methodologies** empower students to tackle complex real-world challenges. Activities such as case study analysis, scenario-based learning, and project-based problem-solving promote analytical thinking and creativity.

These methods make learning interactive and engaging, bridging the gap between theory and practice. By fostering innovation, critical thinking, and teamwork, they equip students with the skills needed to excel in their academic and professional pursuits.

This student-centered approach transforms the classroom into a dynamic learning environment that emphasizes understanding, collaboration, and application.

Having a successful career depends on the communication and articulation skills an individual should have said Dr Jayaram Shettigar, the IQAC coordinator of the college. He was speaking on the inaugural ceremony of a four day long soft Skills Training Program organised for the final year students of the college. Success in the present day society is always depends on the skill we learn to read where it is not written he added. Mr Chandan Rao, a freelance soft skill trainer would be the resource person for all four days. This program is an initiative by the IQAC, placement cell and career Guidance unit of the college. Prof. Sophia Dias, the Vice principal, Mrs Radhika Patkar, Mr Karthik Nayak, Mr Ravinandan Bhat and Mr Ganesh Nayak were present.

A green ink signature of the Principal is written over a blue circular stamp. The stamp contains the text: 'Principal', 'Milagres College Kallianpur-576 114', and 'Udupi Dt., Karnataka'.

# Nature Camp Report

## Objectives

1. To inspire creativity and imagination by immersing students in a natural environment.
2. To enhance students' appreciation of nature and its influence on art and literature.
3. To provide a serene setting for self-reflection, encouraging the creation of poetry and stories.
4. To promote environmental awareness and the importance of preserving natural spaces.

## Impact

1. Students developed a deeper emotional and intellectual connection with nature.
2. The serene setting fostered creativity, resulting in original works of poetry and stories.
3. The camp encouraged teamwork and collaboration through group discussions and sharing of creative outputs.
4. Increased awareness about the importance of protecting natural spaces through personal experiences.

## Outcome

1. Students produced creative literary works, such as poems and stories, inspired by their time in nature.
2. A collection of these works can be compiled as a resource or publication to highlight the significance of nature in creativity.
3. The experience motivated students to engage in sustainable practices and appreciate the role of nature in their personal growth.
4. Improved skills in observation, expression, and critical thinking as students drew inspiration from the environment around them.

## Report:

The English Literary Association organized a one-day nature camp at Hangarkatte on March 22, 2024. 39 students participated in this camp with the main intention of enhancing their writing skills inspired by nature.

The students were divided into teams to engage in various writing activities such as composing poetry and crafting stories. Motivated by the natural surroundings, they spontaneously created ten poems and ten stories.

To further refine their storytelling abilities, students were encouraged to narrate their stories as monologues, fostering individual creativity amidst the beauty of nature. The active participation of the students in these activities led to noticeable improvements in their creative styles.

During the afternoon, a meal was served on banana leaves, adding a unique and environmentally friendly touch to the camp experience. Gathering amidst nature, all members of the association enjoyed a meal together, fostering a sense of unity.

Following the lunch, several engaging games were conducted to foster leadership skills among the participants. Activities such as ecological sound imitations, weaving coconut leaves, passing to win, nest building challenges, Team snapshot contest, scenic wonder, and an orange peel-off contest were organized, with enthusiastic participation from the students.

The initiative for these activities was led by Mrs. Chandrika and Ms. Prathima, who played key roles in organizing and guiding the students throughout the camp. Mrs. Sylvia Cutinho was also present, providing support and encouragement to the students during the various activities. Overall, the nature camp proved to be a memorable and enriching experience for all involved, nurturing both literary talents and a deeper appreciation for the natural world.

# The Village Exposure Camp

## Objective:

- To provide students with an immersive experience in rural life and traditional practices.
- To raise awareness about sustainable living, self-reliance, and the importance of community cooperation.
- To promote hands-on learning through engaging in rural household chores and cooking with traditional methods.

## Activities Involved:

- **Industry Visits:** Students toured local industries, learning about rural entrepreneurship and sustainable farming practices.
- **Home stay Experience:** Students stayed with local families, where they participated in household chores like cleaning, cooking, and farming activities. This provided insight into sustainable living and the use of natural resources.
- **Traditional Cooking:** On the second day, students, along with the villagers, cooked food using firewood in the open ground of a local school, embracing traditional cooking methods and promoting the importance of using natural resources responsibly.

## Out Come:

- **Sustainability Awareness:** The camp promotes sustainable living practices, such as cooking with firewood and working closely with local industries that may employ eco-friendly methods.
- **Hands-On Engagement:** Involvement in traditional chores helps students appreciate the value of natural resources and sustainable methods of living.

## **Details of the Programme**

<b>Program Name</b>	<b>:</b>	<b>Village Exposure Camp</b>
<b>Organizers</b>	<b>:</b>	<b>English Department</b>
<b>Date</b>	<b>:</b>	<b>27 &amp; 28 April 2024</b>
<b>Venue</b>	<b>:</b>	<b>Balkudru, Brahmavar, Udupi</b>
<b>Participants</b>	<b>:</b>	<b>Students of II BCOM, II BCA &amp; III BA</b>

### **Outcome of the programme:**

- **Community engagement**
- **Environmental awareness**
- **Cultural understanding**
- **Empathy towards rural communities**

### **Report on Village Exposure Programme**

Department of English, in association with IQAC, organized village exposure programme on 27th April and 28th April 2024. 33 students from II BCOM, II BCA, and III BA actively participated in this two-day camp held at Balkidru, Brahmavar.

On the first day, students embarked on an industrial visit to gain practical insights into factory operations. The village of Balkidru housed two factories: a chemical product factory and Cochin Shipyard Limited.

On 27<sup>th</sup> evening students were divided into teams and sent to selected houses to experience village life first hand. They interacted with villagers, asked questions about their traditions, folklore, and facilities provided by the Gram Panchayat. Additionally, students raised awareness about sustainable practices such as solar energy utilization, rainwater harvesting, and waste management techniques like worm composting. This exchange of knowledge was well received by the villagers, and students gained valuable insights into rural life.

The students were instructed to prepare a detailed report on their experiences, which they shared the following day at a gathering held in the Government School Hangarkatte. Each team shared their findings and experiences, highlighting the positive impact of the programme. Subsequently, students collaborated to prepare and cook meals, fostering a sense of community and fellowship on the next day.

Overall, the village exposure program was a resounding success, providing students with a deeper understanding of rural life and an opportunity to engage meaningfully with the community.

## Under the Mango Tree Activities

A unique programme by the Department of English is, “Under the Mango Tree”. Between 1.00 pm and 1.25 pm students discuss various issues connected with culture, education, and relevant issues. Competitions and activities based on the significance of the days, poetry recitation, picture description, interpretation of Idioms and phrases, English literature, English spellings, sentences and expressions, are the uniqueness of this programme. Students conduct some games, activities and Quiz for the audience under the mango tree. Our student singers, poets and orators get a beautiful opportunity to exhibit their talents.
