Milagres College Kallianpur in association with IQAC organized a haemoglobin test for girls on 02/11/2023. Mrs. Joyce Sangeetha Soans, asst. professor and research scholar, Manipal College of Nursing, was the resource person. The programme focused on health awareness and implemented the use of the 'HB Test' application. As a part of the orientation program, the 'HB Test' application was introduced and installed by students. The application facilitated the monitoring of haemoglobin level using a non-invasive method, allowing students to check their haemoglobin level independently. Training sessions were conducted to familiarize students with the 'HB Test' application's usage, its significance in monitoring haemoglobin level, and its role in proactive health management. The 'HB Test' application was appreciated for its user- friendly interface and the convenience.
